

Discontinuation Notice

Avila Twilight

Dear Valued Screen Innovations Customer,

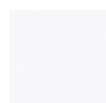

We wanted to bring to your attention some important updates regarding our Avila Twilight TM fabrics. Our vendor has recently informed us that they will cease production of these fabrics in 2024, as the mill responsible for their production is closing. Consequently, we kindly request that you remove any Avila Twilight fabrics from your Top Picks Box and any other fabric books you may have.

On a brighter note, we are pleased to announce that our vendor is actively working on a new blackout fabric, set to be introduced in 2024. This upcoming fabric is anticipated to surpass the qualities of Avila Twilight, boasting improved color options, matching back colors, and a generous 126" width. Moreover, the pricing will remain in line with that of Avila Twilight. We are eagerly anticipating the launch of this new product in the coming year and will keep you informed about any developments.

In the event of any service disruptions during this transition, we encourage you to explore our Sparta Twilight economy blackout fabric. This 126" wide fabric is available in six essential colors, all of which offer the choice of classic white backing. In addition, select colors come with a matching back option. To further assist you, we have also listed a few alternative fabric options that you can recommend to your clients. Should you have any inquiries or require assistance, please don't hesitate to reach out to our Design Services team.

Thank you for your continued support and partnership with Screen Innovations.
